

M. Priyakumar, B.E.

I studied in Vedavalli Vidyalaya from 4th to 12th Standard. I completed my schooling in March 2003 and joined B.E (EEE) at PSG College of Technology, Coimbatore.

After graduation, I have been working as a Software Engineer at CA Technologies, Hyderabad.

Few of my achievements

1. School Topper in XII Std. with an aggregate of 96.2 %
2. During my B.E, won Honors for Excellency in Academics given to Department Toppers
3. Chosen for a research internship at Hewlett-Packard (HP) during my under graduation.
4. In the final year campus interviews got multiple job offers from well known companies like INFOSYS, CA Technologies etc. I joined CA technologies.
5. For good performance thrice I received 'Going Above' award; was instated as a member of the Company's Council of Technical Excellence, and twice our team was awarded the 'Team of the quarter'.
6. Got admission from reputed universities in U.S.A for my M.S, and would hopefully pursue it from July 2011.

Influence of Vedavalli

I joined Vedavalli Vidyalaya in 1995, and spent over 8 years in the school, and without a shadow of doubt, it has had a positive influence on my career so far. I belong to the first few batches of the school. Our school promised and provided a fear-free environment, excellent staff, unique teaching methodologies and good facilities. As the school completely delivered on its promises and more, I chose to complete my entire schooling there. My solid schooling experience has been instrumental in my having a good education and professional competence in highly challenging environments. I am extremely proud to be associated with this institution.
